The books have been audited by Roberta Mantone and Gertrude Semple.

The year 1980 shows an increase of \$3,425.00 in vehicle permits. A total of 689 dogs and 10 kennels were licensed for 1980, and I want to thank Dick and Brenda Samoisette for their fine cooperation. My office recorded 37 Births, 44 Marriages and 27 Deaths in 1980.

The Mobile Sub Station of the NH Motor Vehicle Department came to Kingston once a month all year. This is a big help to everyone, and it has again been an overwhelming success. Please contact me EARLY in the month to make arrangements to get your vehicle renewed and to get your new decals. Starting Jan. 1, 1981, all plates will have two decals - one on the left for the month, and one on the right for the year of expiration.

During 1980, I accepted the Voter Registrations for 349 residents. Starting Jan. 1, 1981, I can now register a change of party for voters. Thanks to the three Supervisors for their excellent cooperation. The absentee ballots issued were as follows: Feb. Presidential Primary 111; March Town Meeting 76; Sept. State Primary 27; Nov. General Election 132. The polls are open 10 A.M. to 7 P.M. in the downstairs of the Town Hall. My thanks to the Moderator and to all the ballot clerks and counters who helped me for these 4 elections.

In 1980, I was appointed a NH Boat Agent for the Department of Safety and this service was used by many people.

I have again attended the Executive Board meetings of the NH City and Town Clerks' Association, which are held in Concord once a month - always trying to better serve you. I also attended the Town Clerk's Convention in August at the Wentworth By the Sea in New Castle, and I was pleased to be elected First Vice President of the Association. Many thanks to all those who donated door prizes. Kingston was the best represented Town or City.

I wish to express my sincere appreciation to the Selectmen, Treasurer and all other Town Officers for their excellent cooperation during 1980, and special thanks to Mrs. Rochelle Ingersoll, part-time Deputy Town Clerk, and to my daughter, Holly, part-time Office Clerk, who both give me a lot of assistance in my office. They are both fully trained and ready to serve you in the event of illness or in case of an accident.

My office acts as an information and service center. If at the end of each day I have helped everyone to the very best of my ability, then I am pleased and satisfied. My biggest problem is still a lack of space in which to perform my duties.

REPORT OF THE TRUSTEES OF TRUST FUNDS 1980

In 1980, Mr. Rodney M. Wilson concluded 27 years of continuous service as a Trustee, as noted in a resolution adopted at the Town Meeting. Mr. Roger Nason was re-elected and Mrs. Mary Kanaly elected to 3-year terms.

A summary of trust fund accounts and listing of new funds is given in the following pages. The full report is on file with the Selectmen and the Trustees and may be seen on request.

Trust Funds

In June, 1980, the Trustees re-invested some \$17,000 from cemetery trust funds at an interest rate of 9.5%. In December, 1980, because of increased interest rates, a further re-investment was negotiated to obtain rates of 15.673% on 6-month deposits and 12% on 30-month deposits. Ambulance funds and reserve funds of Police and Fire Departments are invested at lower rates in order to be available when needed.

Cemeteries

The Trustees have recommended no increase for 1981 in the Town budget of \$7,000 for cemetery maintenance, believing that constantly increasing costs can be met by increased earnings from trust funds.

Improvements in 1980 have included the clearing, grading and road construction in the new area at Pine Grove Cemetery plus road work and evergreen plantings in the old areas. At Greenwood Cemetery, a row of Scotch Pines was planted along the southern fence adjoining Bernaby Lane properties.

To meet requests for 2-grave lots, the Trustees have made these available by dividing standard 10'x20' (6-grave) lots into two 10'x8½' lots separated by a 3' walk. The 2-grave lots are sold for \$125 (one-half the price of 10'x20' lots) so that the return to the Town is unchanged.

During the year 9 lots were in Greenwood and 8 in Pine Grove with perpetual care funds established for all. In addition, two existing funds were increased by \$50 each, received from the estate of Christie B. Barrett.

Again we recommed that perpetual care funds be provided by owners of lots purchased before such funds were required.

Respectfully submitted,

David F. Dutton - term ends 1981

Robert B. Kitt - term ends 1981

Leonard F. Sanborn - term ends 1982

NICHOLS MEMORIAL LIBRARY

Mrs. Carolyn R. Christie retired as a library trustee after 21 years of devoted service. Mrs. Christie was honored at a luncheon at the Exeter Inn, June 29th, and presented with a gift by the trustees and the staff of the library.

The Right to Read Committee of Sanborn Regional High School and the library, held seven morning workshops, in March and April, for parents of pre-school children. The attendance was excellent.

The Friends of the Library, and the trustees, sponsored a wine and cheese party during National Library Week, in April, at which time local artists displayed their work.

It has been very busy in the Junior Room this past year. Mrs. Rich and the Friends of the Library provided stimulating summer programs and story hours. The Friends also held a very successful book and bake sale. The Friends also donated paperback books and a much needed book rack.

Brownies planted spring bulbs and decorated a Christmas tree donated by Mr. and Mrs. Gordon Bakie. The Girl Scouts and many young people contributed art work for the bulletin board. Many children exhibited their hobbies on a monthly basis.

There was a Reading is Fundamental (RIF) distribution in October for the pre-school children sponsored by the Right to Read Committee, Sanborn Regional High School, and the library.

We wish to thank the many patrons who contributed books; the Kingston Garden Club for filling the outdoors urns with plants, plus the Christmas wreath, area organizations who contributed monthly displays pertaining to their activities, all of which created much interest, and our volunteers who have helped with the clerical work.

KINGSTON CONSERVATION COMMISSION 1980 Annual Report

At the request of the Planning Board, the Commission made on-site inspections of four (4) proposed subdivisions and submitted written reports to the Board. The major concerns of the Commission on subdivision inspections are to insure that septic systems, meeting town and state requirements, can be located on each building lot, that dredge and fill operations are planned properly, and that wetlands, valuable to the environment, are not destroyed. When it was felt necessary, meetings were held with the subdivision developers to review their plans and to make recommendations for changes and additions.

Four (4) dredge and fill applications and five (5) dredge and fill complaints were inspected and recommendations were submitted to the State Wetlands Board.

Considerable progress was made during the year in bringing gravel pit operations in line with the town's Gravel Pit Ordinance. All gravel pits are inspected every year by the Commission prior to the renewal of the operator's permit by the Selectmen.

The Commission has under its jurisdiction several parcels of town land which have been transferred to it through warrant articles voted on at town meetings. These parcels will be kept as open spaces and protected from future development. Meetings are currently being held with county and district foresters to develop a long term plan for the management of this land. The Commission has negotiated the gift of additional plots of land which will be donated to the town over the next few years.

The Conservation Commission meets the first and third Wednesdays of every month at the Grace Daley House. All meetings are open to the public.

Virginia Morse, Chairman

1980 REPORT OF KINGSTON POLICE DEPARTMENT

In the past year, I made the following promotions in the Kingston Police Department:

Lt. Norman Bower to Deputy Chief
Sgt. Robert Wunderlich to Lieutenant
Officer Donald Briggs, Jr. to Sergeant

These police officers have attended and passed all available courses to become certified by state law. They will continue to attend school as courses become available.

With today's economy in the state that it is, all police departments have been affected greatly, but our department, as a whole, has had no major increase in crime.

With our well-qualified police officers, I feel the department will serve your community to the highest standards and give you and your loved ones the best protection available.

REPORT OF THE KINGSTON FIRE DEPARTMENT

The results of many years of planning were realized by the Kingston Fire Department in 1980.

The delivery of the 1980 Starline Type I Modular Ambulance voted in March of 1980 and the 1980 Ford 2500 gallon tanker with a 750 gallon pump voted in March of 1979 continues the program of keeping the Fire Department well equipped.

In March we contracted with Exeter Dispatch to answer the emergency fire-ambulance calls 24 hours a day and dispatch the necessary units. This contract ended the old red phone system which had been manned by firefighters and businesses for years. The contract allowed the release of the Sunday paid duty firefighter helping to pay for part of the contract. This system appears to be operating well.

The Kingston Volunteer Department Association should be recognized for its financial assistance in the amount of \$7,712.50 in 1980 for the following:

Repairs of Dodge Antique Fire Truck	\$ 543.02
Pocket Pagers	2,450.00
Chain Saw	325.00
Road Books	204.28
1980 Ford Tank/Pumper Truck	1,190.00
Attack gear and Air Packs	3,000.00
(Committed)	

Our thanks to the Association.

We wish to thank firefighter Ralph Ronald Bake for his \$1,000.00 donation toward the 1980 Ford Tanker in memory of his father Ralph H. Baker, one of Kingston's first firefighters.

The Town of Kingston and its citizens should be proud of its 1980 fire damage record. We had only 3 serious fires and the total of these 3 was less than \$50,000.

We responded to a total of 113 fire calls of which 21 were mutual aid to other communities. Our ambulance responded to 298 calls of which 98 were to Newton under our mutual aid contract with them.

This report would be remiss without thanking former Fire Chief Frank Fellows who resigned on February 1, 1980 after

serving for 5½ years as Chief. Frank continues as a valuable member of the Department as its Training Officer.

Our prime task for 1981 is a preplan of action for emergencies that may arise at the hazardous waste site.

I wish to personally thank the people of Kingston and the Kingston Fire Department firefighters for their fine cooperation and support since my appointment.

REPORT OF THE KINGSTON DOG OFFICER

Animal control in Kingston cannot be entirely successful without the support of individual owners and citizens. I urge all Kingston animal owners to properly identify and care for their animals. Many do not. Our animals are dependent on us and too often, an animal will die alone simply because its owner did not mark it or restrain it as required by law.

I thank those of you who have done your part, and a special thanks to the many of you who have donated to the pound during the year. The donations help more than some may realize. Hopefully, for 1981, more of us will do our part to make animal control in Kingston even more successful.

KINGSTON PLANNING BOARD ANNUAL REPORT - 1980

This report covers the work of the Planning Board as it was constituted prior to Town Meeting and the Board as it reorganized after Town Meeting.

The Board met regularly on the first Tuesday of each month. Additional meetings were held on the third Tuesday of each month for the purpose of developing a Master Plan of Growth for the town. Public meetings for various purposes were held as needed. A total of 27 meetings were held during the year.

Elections were held in March. The Board membership was reorganized as follows:

Daniel W. Burbank	1983, Chairman
Eileen M. Nash	1982, Vice-Chairman, Secretary
Robert L. Morse	1981
James Rankin	1984
Bruce Goodwin	1981
Alfred Alberts	1985
Michael Priore	1981, Selectman ex-officio

The Board, after two years of preparation, consultation, and extensive discussion presented a revised set of Subdivision Regulations at a public hearing in January. The new regulations were subsequently adopted. Upgrading of the existing regulations will be done this year.

The major portion of the Board's time was spent working on the development of the Master Plan for Growth. We are indeed grateful to the Southern Rockingham Regional Planning Commission for invaluable assistance in preparing the background for the plan. Sub-committees were established to study the needs of the town and collect relevant data which the Board will use when working with a representative group of citizens this coming year. It is the hope of the Board that working closely with the community in the final preparation of the document will provide a Master Plan reflecting the feeling of the majority of the townspeople on the projected patterns of growth they would prefer to see followed over the coming years. The Master Plan is a guide for the Board in its work.

The Planning Board presented a proposal for re-zoning an area of town near the center to accomodate an elderly housing complex. The proposal passed overwhelmingly and construction will begin in early spring.

Projected plans for the coming year include completion of the Master Plan and presentation of a Wetland Zoning Protection Ordinance for vote at the next Town Meeting.

KINSTON RECREATION COMMISSION

The Kingston Recreation Commission has strained to improve the conditions of recreation for the children of this community; our goal of 1980.

The Commission sponsored the various holiday parties for the children this year, by combining multi-interests of movies, story hours, animation, live appearances, gifts and treats. The children responded overwhelmingly in number proving the apparent need.

The 1980 Summer Playground Program was our largest project. The program served an average of 65 children a day for its six week session. The session was broken down into weekly themes, enabling the children to learn about and grow with that theme. There were weekly field trips, travelling to Massachusetts and throughout New Hampshire. The program expanded this year by developing a sports division and joining a league with other New Hampshire towns, both for soccer and softball. There was an attendance of 38 children each day for the two sports.

The Commission applied and received a federal grant in the amount of \$500 to be used on sports related equipment. These monies were spent buying equipment for the two new leagues, and improve the supply of everyday equipment, including a ping pong table, tether ball game, volley ball and net, an outside water fountain, swimming kick boards, life preservers, etc. Overall, all equipment needed to continue the programs.

A bicycle safety program was sponsored with the aid of the Kingston Police by setting up inspection stations and registering bicycles for individual's protection.

The 1980 Red Cross Swim Program was sponsored again by the Commission and 147 children and adults were enrolled in the Program held at Kingston State Park.

In all, the Kingston Recreation Commission would like to thank the townspeople and friends whom donated their time and services enabling the children of Kingston this privilege.

At this time, I would like to extend my very deepest thanks to the officers of this board and its members for helping make my past year a pleasure.

REPORT OF HISTORIC DISTRICT COMMISSION

1980

The Historic District Commission had an active year with regular monthly meetings and four special meetings. There were eleven applications submitted during 1980, the most challenging one being the addition proposal to the Sanborn Regional High School which was approved after some revisions. All others were also approved.

The HDC has felt that the Town sign ordinance would allow signs that would not be in keeping with the character of the Historic Districts and have prepared a sign ordinance to be presented at Public Hearing and to the Townspeople for a vote in March.

The Strafford Rockingham Regional Council's Historic Preservation Assistance Project was started under the chairmanship of John Cunningham. Lynn Monroe and two assistants surveyed all houses, buildings and sites over 50 years old and draft copies entitled Cultural Resource Survey, Inventory and Plan were presented to the Town in June at a public meeting. The project will be completed this year after corrections and additions to the forms are complete and copies of the survey will be presented to the Town and will also be available for a nominal fee to the public. The information in this survey will be of great benefit to the HDC, as the Town grows, in their efforts to preserve the uniqueness of Kingston's character for future generations.

KINGSTON HISTORICAL MUSEUM — 1980

The Kingston Historical Museum was open from the second week in June to the last of September with more visitors than usual, many of whom were from out of Town. Several classes visited the museum as well as the kindergartens and during the summer both the Swiss and Spanish students in Kingston for a month, enjoyed their visit to the museum as part of their program. Two young school age boys were so interested in the exhibits that they came back again and brought their parents.

The annual Flea Market was held in August with Arthur Reynolds again in charge of renting space. With this event we raised enough money to pay our expenses, the largest part of which is insurance.

During a heavy rain the roof of the museum leaked and the Selectmen said they would attend to it immediately.

During the spring Lynn Monroe of the Rockingham Strafford Regional Council in Exeter and two assistants spent a good deal of time in the museum taking pictures of old postcards and pictures showing the older homes in Kingston. This was for the Historic Preservation Project entitled Cultural Resource Survey, Inventory and Plan draft copies of which were presented to the Town in June. This project will be completed this year, 1981. All homes over 50 years old are included in the project.

A few new exhibits were added this year and with rearranging of other exhibits the museum took on a new look. The museum committee is always looking for interested Townspeople to sit in the museum on Sunday afternoons from 2 to 4:00 and anyone interested can call a member of the committee.

The Exeter Area Visiting Nurse Association, Inc. is a community health service that provides health care to individuals and families in their home, in the office, or in clinics. The care may be to prevent disease, promote, maintain, or restore health or it may be to minimize the effects of illness or disability.

The Association is a non-profit agency governed by a Board of Directors. This Board is made up of people who are appointed by the selectmen in your town.

Funding for the Association comes from Medicare, Medicaid, patient fees, local taxes, and donations. Town appropriations make the service available to the town.

HOME CARE. Professional nurses give care to the sick and disabled under medical direction, teach and supervise care by the family and others. They are responsible for the management of patient care, coordinating the services of other disciplines, within and out of the Agency. Care is family centered and consideration is given to the total needs of the patient and family for health promotion and disease prevention and rehabilitation as well as care and support during the dying process.

MATERNAL AND CHILD HEALTH. Free visits are made to new or expectant mothers to provide information and instruction in the care of themselves and their babies. Well Child Clinics are held twice a month and provide the following services: Physical exams by a local physician, immunizations, hearing and vision screening, lead and urine testing, special counseling, family planning and referral when appropriate. The Clinics are for infants and preschool children.

ADULT HEALTH SCREENING. Clinics are held each month to check blood pressure, provide diet and medication counseling, and general health instruction. Referrals are made when appropriate. New clinics were added this year to test for diabetes.

FLU CLINICS. 12 Clinics are held each fall (1 in each town) to immunize hi-risk (65 and over, or chronic disease) persons against influenza.

THERE IS NO CHARGE FOR ANY CLINIC SERVICES.

The Association has many valuable volunteers who work at the clinics in addition to staff.

MENTAL HEALTH. Visits to persons who have mental and/or emotional problems. Coordination between patient, family, psychiatrist and community.

COMMUNICABLE DISEASE. Visits to persons who have or are contacts or persons with tuberculosis for testing and/or medication and general health supervision. Other communicable diseases-testing and/or care as appropriate.

CONTINUING CARE. An Agency nurse is in the local hospital part of each day to assist in planning, coordinating and arranging for care at home so that a person can move from hospital to home without any interruption in care.

10,938 units of service were provided to residents of the service area between January 1, 1980 and December 31, 1980. (Individual town statistics are sent to the selectmen of each town).

Information may be obtained by calling the Exeter Area Visiting Nurse office, Monday through Friday, 8:00 a.m. to 4:00 p.m., 772-2981 or write to 26 Prospect Avenue, Exeter, N.H. 03833.
